- REST APIs

EXPERIENCE

JUNIOR ASSOCIATE DEVELOPER

IOTypes Private Limited
March 2025 – Present

RESPONSIBILITIES :

- Developed and maintained enterprise-grade web and mobile applications using React, Next.js, TypeScript, and React Native.
- Collaborated with cross-functional teams to translate business requirements into scalable software solutions.
- Integrated RESTful APIs and GraphQL services to enable seamless data exchange between frontend and backend systems.
- Built responsive and reusable UI components following modern development practices.
- Participated in code reviews, debugging, testing, and performance optimization initiatives.
- Worked within Agile development methodologies to ensure timely delivery of features and enhancements.

PROFESSIONAL PROJECTS

Enterprise Asset Management System

Technologies: Next.js, TypeScript, GraphQL, Apollo Client, Tailwind CSS, Shadcn, Zustand

- Developed features for tracking and managing organizational assets throughout their lifecycle.
- Implemented project and user management functionalities with role-based access control.
- Built reusable components and dynamic forms for asset creation and management.
- Integrated GraphQL APIs for efficient data fetching and state management.

E-Commerce Mobile Application (Buyer & Seller Apps)

Technologies: React Native, TypeScript, Expo

- Developed mobile applications for buyers and sellers within an e-commerce ecosystem.
- Implemented product browsing, inventory management, and order tracking features.
- Collaborated with backend teams to integrate APIs and optimize mobile performance.

Quotbit – RFQ Management Platform

Technologies: React.js, Next.js, TypeScript, REST APIs

- Developed a B2B procurement platform connecting buyers and suppliers.
- Implemented requirement submission and quotation workflows.
- Built interfaces for comparing supplier quotations and managing procurement processes.
- Enhanced user experience through responsive and interactive UI implementations.

CA Management Platform

Technologies: Next.js, TypeScript, Tailwind CSS

- Developed modules for client management and workflow tracking.
- Built dashboard interfaces for improved operational visibility.
- Integrated APIs to support business processes and reporting functionalities.

PERSONAL-PROJECTS

SHOPPER – E-Commerce Platform

Technologies: React.js, Redux Toolkit, Node.js, Express.js, MongoDB, Material-UI, Razorpay

- Developed a full-stack e-commerce platform for clothing with secure authentication, product management, and payment processing.
- Implemented features including shopping cart, coupon system, Google OAuth, wallet functionality, and Razorpay integration.
- Built comprehensive admin modules for user, product, coupon, and sales management.
- Integrated JWT authentication, Bcrypt password encryption, email OTP verification, and image uploads using Multer.

LOTUS – Online Hotel Booking Platform

Technologies: React.js, Redux Toolkit, Material-UI, Tailwind CSS, React-Slick

- Developed a responsive hotel booking platform with an intuitive user interface and seamless navigation experience.
- Implemented centralized state management using Redux Toolkit and client-side routing with React Router.
- Enhanced user engagement through interactive hotel image carousels using React-Slick.
- Designed modern, responsive interfaces leveraging Material-UI and Tailwind CSS.

EDUCATION

MERN Stack Web Development
2023 – 2024
Brototype, Cochin

B TECH in Mechanical Engineering - 74.5 %
APJ Abdul Kalam Technological University (KTU)
08/2018 – 08/2022
Toc H Institute of Science and Technology, Ernakulam

Higher secondary in Biology Science - 88.87 %
Kerala State Board
06/2016 – 03/2018
MGHSS, Edathara

SSLC - 100%
Central Board of Secondary Education
06/2015 – 03/2016
Alameen Public School, Pathanapuram

TRAINING EXPERIENCE

MERN Stack Development Program

- Completed an intensive 8-month MERN Stack training program covering MongoDB, Express.js, React.js, and Node.js through hands-on projects.
